

Highway 55 Rental and Sales, Inc.

763-478-6448

Moonwalk Safety and Setup Instructions

1. Unroll inflatable and stake the 4 corners
2. Connect the blower to the inlet tube and tighten the tube around the mouth of the blower with the strap
3. Make sure that the zipper is closed before turning on power. This is normally located near the inflation tube.
4. Plug blower motor into a clean **20 amp** outlet. **Do not use additional cords.**
5. Turn on power and the inflatable will inflate in about 2 minutes

Teardown

1. Shut off blower motor and remove it from the inflatable
2. Allow the inflatable to deflate on it's own for about 10 minutes and pull stakes from the ground
3. Fold inflatable from each side toward the center, making sure to leave the inflation tube on the outside. Roll it up toward the inflation tube, forcing out remaining air.

Inflatable Games Agreement

Customer by signing this agreement understands and agrees that Highway 55 Rental & Sales Inc will not be held liable in the event of injury to anyone using the game while it being rented by the customer. In the event that Highway 55 Rental & Sales Inc provides an operator with the game, neither the operator nor Highway 55 Rental shall be responsible or held liable in the event an injury should occur.

The operators duties consist of set up and tear-down of the game, instruction on proper use of the game and assisting the game users in using the game. The operator is not able to help in medical emergencies. The customer understands that they must provide a responsible party to handle any and all liability issues, with regards to injuries.
